Mr. Mark	.60	War	.50

Every grower and flower lover should have Flora the beautiful yellow. Flower Grower of February says "Flora is the nearest to a self color, with blooms very fine and compact." Our stock of this is large.

If, after looking over the enclosed list, you are still undecided as to the varieties you want, send me \$5.00 and I will select from my varieties, 25 blossoming sized bulbs each of eight kinds and prepay to your address, all labeled. This will give you all separate colors and something highly pleasing.

If you want good flowers alone, without the names, we will ship to any address 100 of the mixed varieties made up of kinds we grow at \$1.65 per 100 and guaranteed to bloom this season.

E. N. TILTON.
